Here is Mark Lin's profile. Read it and answer the questions.

My name is Mark Lin. I was born on September 11, 1981. I enjoy music and movies a lot, and swimming is my favorite sport. Since I finished school, I have worked for six years at my parents' farm. I hope I can have my own business soon.

I love animals a lot: I have two dogs, four birds, and some fish at home. They are my best friends. Of course, I enjoy being with people, too, but I have had to spend a lot of time working and have not had much chance to meet people. I would really like to make some friends.

If you are interested, please write to me at marklin@xy.true.net.

Gary is teaching his students to play a game called "Word House" in the English class. Here is the way to play the game:

1. Get some pieces of paper that are cut into squares. Each square is for writing one letter only.
2. Write a letter on one square. For example, write "i."
3. Next, take another two squares. Make a two-letter word which contains the letter you have written, for example, "in" or "hi." Put the new word (written on the two squares) below the first square.
4. Then make a three-letter word which contains the two letters you have written. Again, put the new word on the next line.

Green Plan in Wonder City

Make new out of the old!

Since 1996, Wonder City has started a green plan and has been greatly successful in many ways. Places that were not used anymore, like railways, factories, and open lands, have been changed and brought to new life. They have now become parks, restaurants, museums, or shopping centers. They look fresh and clean with trees, flowers, and pieces of art. Olde River, for example, is now a pink belt in the spring with born-to-smiles on both of its sides. They are beautiful and smell great. Many people take a walk or go bicycling along the banks of the river. Because of this plan, the city has become cleaner and younger. Every year in May, a big green festival is celebrated in Wonder City. People from other cities go to the festival to learn how to make their own cities more beautiful.
